

IEEE Workshop on Geosciences and Remote Sensing

IWGRS

• UiTM • Malaysia • 2018

“Remote Sensing & Geospatial for Sustainable Future”

31 October 2018

Institute of Research Management & Innovation, Universiti Teknologi MARA (UiTM)

There has been tremendous increase of earth observation (EO) applications stemming from recent developments in advanced remote sensing technologies. This workshop is aimed at providing a forum for IEEE Geoscience & Remote Sensing (GRSS) members to share knowledge and experience on recent developments and advancement in geosciences and remote sensing technologies, particularly in the context of Remote Sensing for Sustainable Environment.

Call for Papers

Topics include but are not limited to: Geoscience and remote sensing technologies, Environmental and disaster monitoring, Land cover classification and mapping, Radar systems and applications Global Navigation Satellite System, Microwave Components and Systems, Communication Systems Surveillance technologies

Important Dates:

Abstract Submission Deadline: 31 August 2018 (Extended)

Notification of Acceptance: 15 September 2018

Full Paper Submission Deadline: 15 October 2018

Early Bird Registration Deadline: 31 September 2018

Organizing Committee:

SCIENCE & TECHNOLOGY RESEARCH INSTITUTE FOR DEFENCE (STRIDE)

The University of Nottingham Malaysia Campus

Abstract Submission

Submit electronically to the IWGRS Technical Programme Committee at

<http://grss.ieeemy.org/events/iwgrs2018/>

More Information: Assoc. Prof. Sr Dr. Zulkiflee (017-397 5497 / Zulki721@salam.uitm.edu.my)
Sr Dr. Abdul Rauf (013-544 4289) Dr. Nor Aizam (017-320 1163) Sr Dr. Siti Aekbal (016-237 0220)
